ONE BUSINESS VILLAGE

A voice for your business

Your AI receptionist answers every call in your business name and sends you the message.

Answers in your name
Callers hear a greeting you choose, then it finds out why they're calling.

Messages to your inbox
Name, number, what they want and the best time to call back.

Answers common questions
Opening hours, services, location, and the questions that qualify a lead.

Busy times and evenings
Picks up when you're busy, can't answer or have finished for the day.

Call forwarding
Calls put through to your mobile or another number, and urgent ones flagged.

Call back on your number
With the phone app, your business number shows when you call.

EXAMPLE MESSAGE · 10:42

Tom Reed, Reed Plumbing

Wants a quote for an office refit next month. Please call back after 2pm on 07700 900123.

Answered calls over your package allowance are 35p each, whether the AI or a real person answers. Text alerts and calendar booking are set up on request; ask what's available for your package.
